Date Due: \_\_\_\_\_ 11/1/12 \_\_\_\_\_ Date Turned In: \_\_\_\_\_ 11/1/12 \_\_\_\_\_

Above to be completed by student

		Points ( ____ Possible)
<b>Correctness/Efficiency:</b>		
Output is accurate		_____
Meets all requirements		_____
Provide appropriate user interface		_____
Logic is efficient		_____
<b>Documentation/Coding Style:</b>		
Project can be open from the submitted zip file		_____
Folder is present and contains all necessary project files (no extra files)		_____
Use required coding template		_____
Use proper naming and spacing		_____
Submit all requested information		_____
<b>Test Cases:</b>		
List all required test cases		_____
Provide output forms for important test cases		_____
<b>Other issues:</b>		_____
<b>Extra Credit:</b>		_____
<b>Timeliness:</b>		_____
<b>Project Score:</b>		<div></div>

### Project specification

---

This software is intended to summarize, calculate, and display costs for repairs for Bryant's Auto Repair Shop.

It is designed to be run in Visual Studio 2008 using the C# coding.

It uses user input including the selected part to be repaired and number of hours.

It displays total cost, summary, and provides information about the program with an about button.

Used in the project are arrays, methods, calculations, multiple forms including summary and about and splash.

Project status

---

The project is completed and finalized..

Test cases and captured screens

---

Test case #1

Ab orders battery with 3 hours of labor

Bea orders engine with 11 hours of labor

A screenshot of a Windows application window titled "Bryant's Auto Repair Shop". The window has a menu bar with "File", "Tools", and "Help". Below the menu bar, there are several input fields: "Job Number" with the value "1", "Customer Name" with an empty text box, "Parts Repaired" with a dropdown menu, and "Hours of Labor" with an empty text box. Below these fields are labels for "Subtotal", "Sales Tax", and "Total". At the bottom of the window are three buttons: "Calculate", "New Customer", and "Summary".

**Test case #2**  
**Missing and wrong data input**

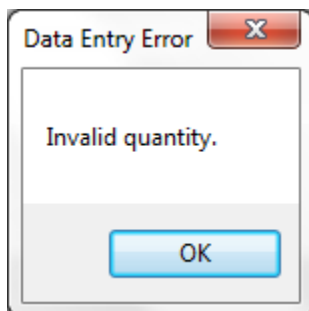

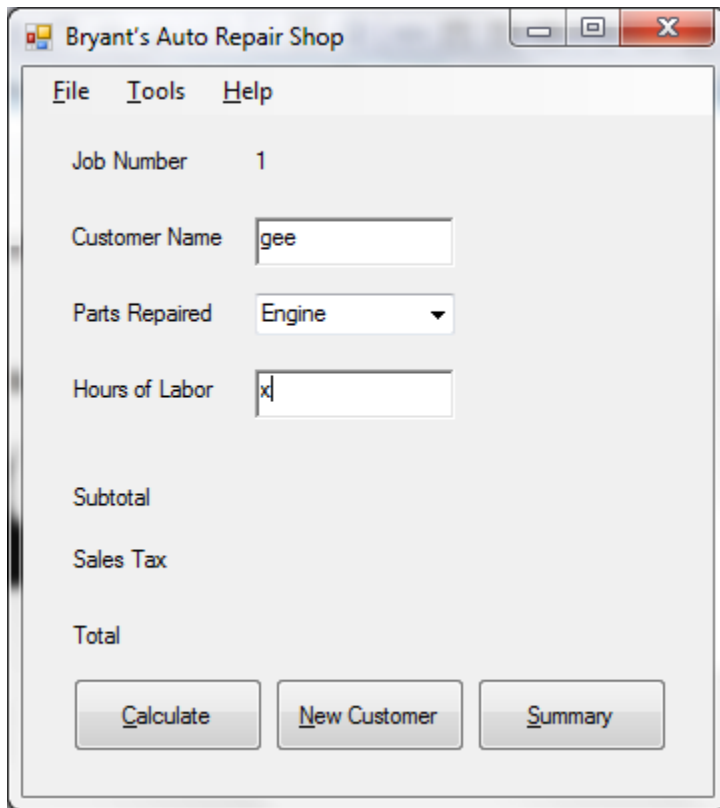

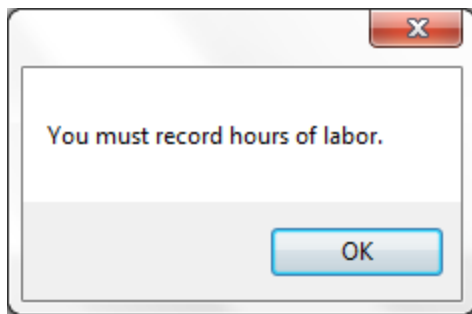

The screenshot shows a window titled "Bryant's Auto Repair Shop" with a menu bar containing "File", "Tools", and "Help". The form contains the following fields and controls:

- Job Number: 1
- Customer Name: An empty text input field.
- Parts Repaired: A dropdown menu with a downward arrow.
- Hours of Labor: An empty text input field.
- Subtotal: A label.
- Sales Tax: A label.
- Total: A label.
- Buttons: "Calculate", "New Customer", and "Summary".

The screenshot shows the same window as above, but with the following data entered:

- Job Number: 1
- Customer Name: gee
- Parts Repaired: Engine
- Hours of Labor: (empty)
- Subtotal: (empty)
- Sales Tax: (empty)
- Total: (empty)
- Buttons: "Calculate", "New Customer", and "Summary".

Summary

The cumulative Subtotal  
for parts and labor is \$153.00

The cumulative Sales Tax is \$0.30

The cumulative Total is \$153.30

OK

**Test case #4**

**Mitch buys an engine that takes 10 hours**

**Then comes back and buys a battery that takes 3 hours**

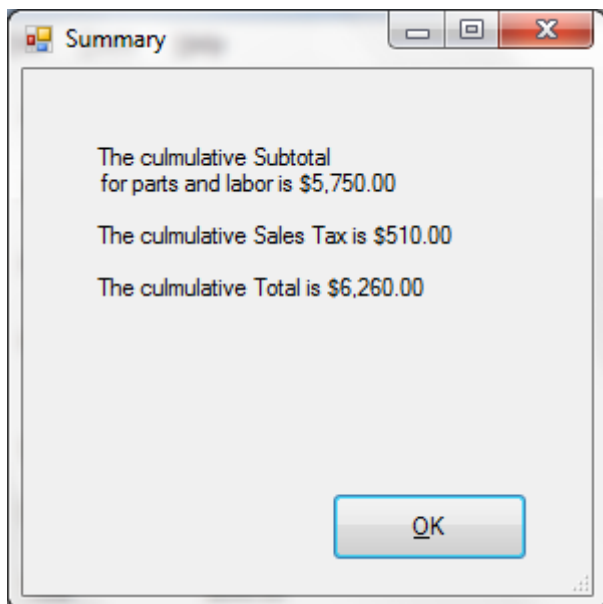

The screenshot shows a window titled "Bryant's Auto Repair Shop" with a menu bar (File, Tools, Help) and a form for Job Number 2. The form contains fields for Customer Name (Mitch), Parts Repaired (Engine), and Hours of Labor (10). Below these fields is a summary table showing Subtotal (\$5,500.00), Sales Tax (\$500.00), and Total (\$6,000.00). At the bottom are three buttons: Calculate, New Customer (highlighted with a blue border), and Summary.

Field	Value
Job Number	2
Customer Name	Mitch
Parts Repaired	Engine
Hours of Labor	10
Subtotal	\$5,500.00
Sales Tax	\$500.00
Total	\$6,000.00

The screenshot shows the same window for Job Number 3. The form contains fields for Customer Name (Mitch), Parts Repaired (Battery), and Hours of Labor (3). The summary table shows Subtotal (\$250.00), Sales Tax (\$10.00), and Total (\$260.00). The buttons at the bottom are the same, with "New Customer" highlighted.

Field	Value
Job Number	3
Customer Name	Mitch
Parts Repaired	Battery
Hours of Labor	3
Subtotal	\$250.00
Sales Tax	\$10.00
Total	\$260.00
